

Presidents report for 4th Quarter 08

Hello all,

I hope this finds you keeping warm and rested from the holidays. I have been attending some of the meetings here in Fargo in preparation for this year's annual meeting and I believe we will see another successful meeting this year. Nancy, Kathy and the gang are working hard to make sure it is a success. They have most of the speakers lined up, a schedule laid out and most arrangements made. There was some concern about using CVENT because of the lack of email access to potential members but I believe that was addressed and by Nancy coming to this months meeting I think she can get a better understanding of how things are done.

I have some paperwork to bring so we can get it filled out and sent back to the ASRT. They are asking about attendees for the RT in DC function. Also the ASRT sent me a tax document that I will bring so Becky can deal with it. Other than that not much else to report.

See you in Bismarck.

Shawn
