

Hope everyone is doing well, and I'm hoping to make it to the meeting but I may have to excuse myself early. I've sent out e-mails letting people know what positions we will need nominations for this year at convention, they are: President, Vice-President, President-Elect, and Treasurer. I am still working on getting receipts and membership cards out, this year has been a little chaotic. I have a concern I promised to share with the board from Nancy Johnson, she did not receive a membership mailing due to the fact that she doesn't check the mailing list box on her ARRT registration, and this happens to other techs too. Her suggestion was to cross-reference the active members with the over 500 labels we get from the ARRT. I let her know this is why we also fax registrations to hospitals and clinics, and hopefully we will get an application online so that anyone is able to print off a copy at any time. We will also need to re-do the membership cards next year, we are finally going to run out for this year and I know we had discussed changing them so that the Vice-President was able to sign them instead of having to send them to the Secretary to be signed. I believe this is all I have to report on, and hopefully I will see you on Saturday.

Respectfully Submitted,  
Kara Brayko  
Vice-President
